Feeling the Love

Volume 3 Issue 2

February Classes

I just LOVE creating mini albums, and shaped ones are my favorite.

This custom album was a birthday present for my daughter. She had a trip to Cuba last year, where she got engaged and I thought having an album like this would be a great way for her to document that special event in her life. The paper line used was Graphics 45 Tropical Travelogue. Absolutely beautiful papers but unfortunately they no longer make this paper line and this used up the last of my personal stash of it.

The picture doesn't do it justice. You can view a video of the entire album on my YouTube channel under NsSnowAngel.
